* Element drivers for partner equipment.

Advantages of Apex and Apex EMS

- Ongoing software development.
- Continued support with a Software Support Agreement (SSA).
- Dongle license key is no longer required.
- Five or more concurrent users can sign on to Client.
- Apex Mobile web interface for viewing status, controlling outputs and accessing alarms.

Upgrade Offer

TASC Systems is offering a **free upgrade** to **Apex** until May 31, 2017, with the purchase of an annual SSA.

TASC Systems is offering an **upgrade** to **Apex EMS** at a 70% discount, with the purchase of an annual SSA.

The SSA support includes:
- Updates within the current "dot releases" of software (e.g. 3.x to 3.y; not 3.x to 4.y).
- Direct telephone or support@tascsystems.com access to our support technicians during business hours.
- Guaranteed one business day response to email and voicemail priority.
- All support incidents will result in either an answer to your question, a solution to your problem, or an issue filled in our bug tracking system with a release priority.
- Remote login by our technicians for initial installation, upgrade, troubleshooting and support.
